

MARGARET RAYMOND FLORIST

WEDDING FLOWERS + ARRANGEMENTS

We are incredibly honoured to be a part of this special occasion. Thank you for asking us to help you with your wedding flowers.

We're here at Margaret Raymond Florist to make sure that your flowers are completely taken care of. We help plan the arrangements, we source the flowers, create the arrangements and can even deliver them to the venue for you. We regularly create bespoke floral arrangements for weddings big and small, and we're excited to work on creating the flowers for your special occasion.

We work with amazing flower growers all over the world as well as here in Britain, and we also have a selection of beautiful vases, pedestals, urns and even an arch.

TEAM WORK

Our team of florists and floral designers will work together to create your dream floral designs for your big day.

INSPIRATION

We work closely with your design inspiration and wedding details to create a bespoke arrangement.

QUALITY FIRST

We work with beautiful flowers that are farm-grown and nurtured for high quality blooms.

How much will my flowers cost me?

We get asked this question a lot, and the answer is simple: as much or as little as you want to spend. It's a good idea to first work out what your flower budget is, and then we can create the floral arrangements to suit your needs. If you're not sure where to start, that's okay. We've put together a basic quote for an average wedding - although there's nothing "average" about your special day! This is just a starting point to help you decide how much you're going to spend and what to expect. Please note that your choice of flowers affect the final price of the arrangements - some flowers are more expensive than others!

I'm not sure what I want

That's okay. Some brides want a basic bridal bouquet, a bridesmaid's bouquet and a groom's buttonhole. Others want the whole nine yards! You are unique and so are your requirements. Come in and have a chat to us in person to talk through your ideas and we can help you work out what you "need" and what would suit your vision. In the meantime, have a look through some ideas here and see what works for you.

How does it work?

First, we meet up with you in person for a floral consultation. There's no charge for this; it's just an opportunity to look at ideas together, to go through your vision and to make a list of all the different flower requirements for the day. Then we put together a quote and email it over to you a few days later. You aren't obligated to take any or all of the items on the quote - simply pick out the things that you're happy with and we'll go from there. You're required to pay a deposit to secure the date, and then the remainder of the fee is paid about a month ahead of the day so that we can order your flowers. We then source, order and prepare your flowers and create beautiful bespoke floral arrangements. These can either be collected, or delivered.

SAVE THE DATE

FLOWER COSTS AND AVAILABILITY

We will always work hard to achieve the overall look and feel for your arrangements with your preferred flower types, but sometimes circumstances beyond our control may affect the design process. For example, your favourite flowers might not be blooming at the same time as your wedding, or may not be available in a particular shade to match your bridesmaid's dress. We will keep you informed every step of the way, and will give you plenty of options to help make an informed decision going forward.

"HAPPINESS HELD IS THE SEED; HAPPINESS SHARED IS THE FLOWER." - JOHN HARRIGAN

Flowers have been used throughout history at weddings - a token of elegance and grace, they were often chosen for their symbolic significance. Roses for love, gypsophila for purity, lisianthus for appreciation, eucalyptus for protection and carnations for deep love and affection. Even succulents have a place in the language of flowers - eternal enduring love.

FAQs

Okay! I'm ready to book. What do I do?

If you've already had your consultation and received your quote back, all you need to do to secure your date is to pay the deposit. This is usually 20% of the overall quote, and will secure your wedding date in our diary. You can pay over the phone, by BACS, or in person in our shop.

What happens if I don't pay the deposit?

The deposit secures your wedding date in our diary. If you don't pay the deposit, the date may be booked up by another bridal party.

Do you offer painted flowers or artificial flowers for use in the bridal bouquets?

We strongly advise against using painted flowers in bridal bouquets as it tends to run and can ruin a beautiful dress. We can use artificial silk flowers to achieve a certain look, but please note that these need to be of the highest quality and are often more expensive than their natural counterparts.

What if I change my mind?

We will do our very best to adapt to and accommodate any changes if there is adequate time, and will adjust the quote accordingly.

Oops! My guest count has gone up. I need more flowers. Is this okay?

We try our best to adapt to your needs! This is fine as long as you give us plenty of notice to source additional flowers.
